# Ilan Khmelnitsky

**Full-Stack / Frontend Developer**

📞 050-3042912 | ✉ ilankhmel@gmail.com | Github - |Linkedin

## Summary

As a dedicated Junior Full-Stack Web Developer, I excel in crafting single-page applications with React.js and Node.js. My skillset extends to Vue.js, Vuex, Redux, and Angular, along with SEO expertise from my previous role. A team player, I am committed to problem-solving, self-improvement, and delivering high-quality work in dynamic environments.

Checkout my latest Projects:

Spotify Clone (Vue.js, Node, MongoDB, Socket.io) : https://muse-up.onrender.com/

Social Media app (React.js, Node, MongoDB, Socket.io) : https://social-media-app-dw48.onrender.com/#/

Netflix Clone (Next.js, Node, MongoDB): https://ilankhmel.github.io/Netflix-Clone-React/
